The Free & Reduced Meal Program is available to families that qualify based on income and household size. See the chart above to determine if your family qualifies for benefits. Applications are sent home at the beginning of the school year and are available anytime from the school offices. You can also print a copy of the application from the district's web site. If your family qualified for benefits last year, you may start out the new school year with that same benefit until the grace period ends on October 1<sup>st</sup> or until a new application is completed. The Free & Reduced Meal Program is an important source of our funding as well as supporting other educational programs. This confidential program enables us to keep our prices for all as low as possible.
