

Dear Parents and Guardians:

I am excited to serve your student as the Moscow High School Teacher-Librarian. As an integral part of the faculty, I look forward to assisting students in the acquisition of knowledge and skills to become accomplished readers, independent learners, creative problem-solvers, critical thinkers, and informed citizens (MSD Libraries Vision statement).

Accessing the Library Learning Commons:

Students come to the library as needed individually or with their class throughout the school day. Students can also access the library before school, during lunch, or after school.

Hours (depending on staff availability) 7:45 a.m. - 3:45 p.m.

Library Catalog:

Moscow School District libraries offer a diverse collection of materials at a variety of interest levels from pre-K through college to support the academic achievement and personal interests of students. Moscow High School (MHS) encourages parent/guardian engagement in selecting library materials for their own student. MHS uses Destiny Discover by Follett as our online library catalog. Students can manage their current checkouts and holds by logging in to Destiny Discover using their PowerSchool login.

Destiny Discover access:

https://www.msd281.org/district_schools/district_libraries/moscow_high_school_library/catalogs

Moscow High School Library Learning Commons and Canvas Virtual Library---

Students are able to access print books/audio books via Catalogs, Academic Databases, How To Cite Sources, and UI Dual Credit slides on the MHS library website:

https://www.msd281.org/district_schools/district_libraries/moscow_high_school_library

If you have any questions regarding library services, please contact 208.882.2591. Thank you!
