

| | |
|----------------|---------|
| Student Name: | Grade |
| | School: |
| Project Title: | |

Scientific Thought

| | Good | Great | Excellent |
|---|------|-------|-----------|
| The research question was clearly stated. | | | |
| You had a well-thought-out prediction. | | | |
| Your procedures and observations were recorded clearly. | | | |
| Your results and conclusions related to your research question. | | | |

Interview (no interview)

| | Good | Great | Excellent |
|--|------|-------|-----------|
| You had a good understanding of your project. | | | |
| You answered questions clearly and had learned some new ideas. | | | |

Display (no display)

| | NA | Organized | Neat | Colorful |
|---------------------------|----|-----------|------|----------|
| Title, headings, and name | | | | |
| Text | | | | |
| Graphs and/or pictures | | | | |
| Models | | | | |

Creativity

| | Good | Great | Excellent |
|---|------|-------|-----------|
| Your exhibit represented your project well. | | | |
| You did most of the work by yourself. | | | |
| Your project showed originality. | | | |

Something that especially caught my attention about your project:
